SUMMARY

I am a quick learner and a self-motivated web developer. I have been learning and working on the MERN web application for 6 months. As a junior developer, I am looking for a MERN stack developer role with an opportunity to use my skills in developing web applications. Proficient in frontend and backend development, database management, and API integration. Basic problem-solving skills and a passion for delivering high-quality code I am excited to contribute to a dynamic development team and help drive innovation in the industry.

SKILLS

Font end: HTML, CSS, Tailwind CSS, Bootstrap, React, React Router.

Backend: JavaScript, ES6, Express.js

Database: MongoDB.

Tools: Vs Code, GitHub, Netlify, Vercel, Firebase, npm, Chorme dev tools.
